

Open Top Steel Drums

Available from stock in a wide range of capacities from 15 litre to 210 litre. All are fitted with a removable lid, secured with either a lever or latch ring closure. The 210 litre drum can also be supplied with a nut and bolt closure. All sizes are available in a variety of external colours with either plain or lacquered internal finishes.

All sizes are  approved for solids and the 210 litre drum is also available approved to  group 2 for liquids.

For more information on the above products please contact our sales office on 01684 299212.
