

Plastic Buckets

A full range of plastic buckets for both industrial and food use is available from stock.

Sizes range from 300cc up to 60 litre, and all have airtight snap on lids, some with a tamper evident feature (see picture opposite). Wire or plastic handles are fitted to sizes from 2 litre up to 25 litre, with roller grip handles available on certain sizes. The 30 litre and 60 litre sizes have moulded in side handles.

All buckets are supplied with white pigmentation, and the lids are available in a variety of colours.

Your own logo or label can be incorporated on most sizes of bucket using silkscreen printing or in mould labelling (IML).

For more information on the above products please contact our sales office on 01684 299212.
