

Plastic Screw Top Bottles

Patrico stock a range of round and rectangular plastic bottles in capacities from 50ml to 1.1 litre. They are available in both high density (HDPE) and low density (LDPE) polyethylene in both natural and white pigmentation, with other colours available to order. They can be supplied with a variety of standard, tamper evident, or child resistant (see picture opposite), and flip top closures.

A range of trigger spray and finger spray heads is available along with various plastic spouts.

We also stock a range of dairy bottles in 1, 2, 4, and 8 pint capacities.

A stand alone 1litre (H) approved plastic bottle is also available if required.

Bottles can be printed to your own design, details on request.

For more information on the above products please contact our sales office on 01684 299212.
