

# Salvage and Overdrums

Patrico stock a range of steel salvage and overdrums which provide a safe and secure way of storing and transporting leaking or damaged containers. They are available in capacities ranging from 8 gallon (30 litre) to 110 gallon (415 litre). All have removable heads secured with a nut and bolt closing band. They are approved to (H) group 1 and 2 for solids and liquids.

Plastic overdrums are available to special order.

***For more information on the above products please contact our sales office on 01684 299212.***
