

Dear Patrico,

Thank you for donating money towards the Science Festival. We all had a great time. I learnt something new because of you. Thank you.
My favourite part of the day was the Adventures in Cyberland!

In Cyberland we learnt how to stop someone hacking stuff,
He was doing it again and we had enough,
A hacker hacking,
No he must ~~be~~ be packing,
He tried to get more info,
But we stopped him and told him "NO",
We rolled a dice to see who could win,
He was eating from a tin,
Finally we completed our task,
And found out who was wearing the mask.

Sincerely
Abbie
